

SYNTHETIC

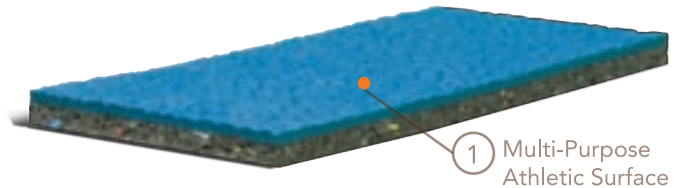

MP Trax™

MP Trax™ is a prefabricated sheet product specially formulated for indoor or outdoor use on competitive performance tracks, field facilities, tennis and multi-recreational venues. MP Trax™ uses a special blend of natural and synthetic rubbers to achieve excellent resilience, elongation, and tear strength resulting in consistency of play and longevity of the system.

- ① Bottom layer - design provides force reduction
- ② Middle layer - is a high-grade blend of synthetic and natural rubber
- ③ Performance layer - provides a uniform performance surface that will stand up to heavy traffic/use

① Multi-Purpose Athletic Surface

HEAVY TEXTURE (HT)

Construction	Rolled Rubber
Installation	Fully adhered
Force Reduction	37.9% IAAF / 13mm
Roll Width	Up to 49" wide
Shore Hardness	HT – 55 top / 45 bottom LT – 60 top / 45 bottom
Thickness	6, 8, 10, 12, 13 & 14mm
Flammability	ASTM E 648 .59 w/cm ² Class 1
Texture Layer	Spike Resistant HT
IAAF	Passed

Green Status
LEED Contributors

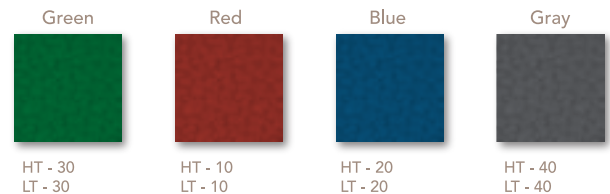

Resource ReUse MRC3.1 & 3.2
100% Recyclable

LIGHT TEXTURE (LT)

COLOR AVAILABILITY

Colors are representational only

* HT - Heavy textured
LT - Light texture
